

TEST YOURSELF FOR **bad breath**

■ According to UK studies, lawyers and teachers are most likely to suffer from bad breath. What's responsible? Constant talking on the job and cups of coffee! Take this little test to find out if you have breath that could strip paint.

Do you...

1. Suffer from a dry mouth?
2. Breathe through your mouth?
3. Binge eat or diet?
4. Suffer from asthma?
5. Regularly get a lump in your throat?
6. Keep your partner awake by snoring?
7. Have a coated and discoloured tongue?
8. Have a sour, bitter or metallic taste in your mouth?
9. Have saliva that thickens towards the end of the day?

■ *If you answered yes to five or more of the above questions, you may be cursed with bad breath. For more information on treating this antisocial condition, visit the Australian Bad Breath Clinic at www.badbreath.com.au or call 1300 653 335.*
